
AGENDA

FEST Scientific Symposia

Thursday, March 16, 2017

- 7:00 – 7:55 a.m.** **On-Site Registration/Breakfast/Posters Up**
- 8:00-8:15** **Welcome to Heart + Lung Health FEST 2017**
Bruce McManus and Mark FitzGerald
- Opening Remarks**
President and Vice-Chancellor, Santa Ono
- Dean of Medicine, UBC, Dermot Kelleher*
- 8:15-10:30** **Mini Symposium 1: Structural Heart Disease**
Chairs: *John Cairns, Stephanie Sellers*
- 8:15-8:35 **Distinguished Speaker in Cardiovascular Medicine**
Needs, Tools and Talents for the Structurally Abnormal Heart
John Webb
- 8:35-10:15 Adult Congenital Interventions
Ron Carere
Left Atrial Appendage Occlusion
Jacqui Saw
Transcatheter Aortic Valve Implantation
David Wood
Mitral Valve Repair
Rob Boone
Mitral Valve Replacement
Anson Cheung
Tricuspid Valve Repair
Michael Tsang
Echocardiography for Structural Heart Procedures
Kevin Ong
Computed Tomography for Structural Heart Procedures
Philippe Blanke
- Facilitated Roundtable Discussion
Webb, Carere, Saw, Wood, Boone, Cheung, Tsang, Ong, Blanke
- 10:30-10:45** **Health Break**

AGENDA

- 10:45-11:30** **British Columbia Distinguished Lecture**
Chairs: *Scott McDonald, Andrew Sandford*
- Seeking Truth in Lung Health at the Intersection of Genes and Environment
Peter Paré
- 11:30-12:30** **Lunch and Rambunctious Scientific and Educational Poster Roaming**
- 12:45-3:00** **Mini Symposium 2: Solving COPD and Other Chronic Lung Diseases**
Chairs: *Jim Hogg, Tillie Hackett*
- 12:45-1:05** Putting an End to Suffering from COPD
Don Sin
- 1:05-1:20** Economics and the COPD Landscape
Mohsen Sadatsafavi
- 1:20-1:35** COPD Can Ruin a Good Night's Sleep
Rachel Jen
- 1:35-1:50** Addressing the Burden of Cystic Fibrosis
Bradley Quon
- 1:50-2:05** Solving the Enigma of Interstitial Lung Diseases
Sabina Guler
- 2:05-2:30** Facilitated Roundtable Discussion
Sin, Sadatsafavi, Jen, Guler, Quon
- 2:30-2:45** **Health Break**
- 2:45-3:45** **David Bates Lecture**
Chairs: *Michael Brauer, Hind Sbihi*
- Following in David's Footsteps: From London to Vancouver and Back to London
Frank Kelly
- 4:00-5:30** **Reception, Honoured Guest Recognition, Rambunctious Poster Roaming**

AGENDA

FEST Scientific Symposia

Friday, March 17, 2017

- 7:30-8:15** **Registration and Light Breakfast**
- 8:15-10:30** **Mini Symposium 3: Discovery to Delivery - Building the Pillars to Transform Arrhythmia and Heart Failure Care**
Chairs: *Mustafa Toma, Margot Davis*
- 8:15-8:35 Cardiogenetics Is a Team Sport
Andrew Krahn
- 8:35-10:30 Regenerative Medicine in Arrhythmias – Lessons from the Bench
Zachary Laksman
Informing and Transforming Delivery of Heart Failure Care - A Health System Approach
Nathaniel Hawkins
Hearing from Patients - Learning to Listen
Alice Virani and Claire MacEwing
How Can Assembling and Using Data Enable Transformative Care in This Sphere
Paul Terry
- Facilitated Roundtable Discussion
Krahn, Laksman, Hawkins, MacEwing, Terry, Virani
- 10:45-11:45** **15th Alan Bernstein Distinguished Lecture**
Chairs: *Gordon Francis, Anthony Papp*
- Striving for Excellence in Health Care
Fiona Wood
- 11:45-12:30** **Lunch and Penultimate Scientific and Educational Poster Push**
- 12:45-3:00** **Mini Symposium 4: Nagging Issues, Challenging Frontiers**
Chairs: *Chris Thompson, Fabio Rossi*
- Advances in Clotting of Blood – What’s Too Much, Too Little, or Just Right?
Shannon Jackson, Ed Pryzdial
- Gene Editing and the Era of CRISPR/Cas9 – What Is It, How Revolutionary Might It Be, What Decision-Making Issues Does It Raise?
Pamela Hoodless, Judy Illes
- Can BlockChain Technology Transform the Use of Health Data?

AGENDA

Casey Shannon, Brendan Byrne

How Do Misfolded Proteins Tie ALS and Enterovirus Together?

Neil Cashman, Honglin Luo

Maximizing Impact in Your Pitch – Posters, Slides, Words, Body Language

Jennifer Gardy

Addressing Asthma – New Biologics or New Prevention Strategies?

Mark FitzGerald, Scott Tebbutt

Patient Empowerment in Research – How It Makes a Difference!

Deborah Money, Simon Pimstone

2:45-3:00

Health Break

3:00-4:00

Graeme Copland Memorial Lecture

Chairs: *Stephan van Eeden, Mark FitzGerald*

Multi-scale phenotyping: towards precision medicine in asthma

Chris Brightling

4:00-4:30

Poster Recognitions and Closing Remarks
